December 2025

Greetings from our President:

Wow what a year for rescue and the world. With all that is happening, more animals than ever find themselves victims of difficulty, sending them to shelters, etc. Rescues are their lifeline to being saved.

We realize that we are in a great position to bring intervention to this crisis. Every day, calls come from people asking to relinquish their cats due to lack of money for pet care. This has caused us to double-down on helping people keep their pets so the cats don't have to come to rescue in the first place. For a cat, leaving the home they love for a foster or shelter and then moving again to an unfamiliar home is manageable, but it's even better to skip that step and let them stay in their own comfortable environment. Sometimes all this takes is financial assistance, i.e., paying an emergency vet bill, and we are fortunate to be able to help. You may not always see these stories on our website, since we respect people's privacy, but know that we have made many successful interventions this year, thanks to your generosity.

We also helped in 2025 with two breeders who closed their catteries and gave us their cats to rehome. Saving cats is what we do wherever they are.

Finally, we all want to thank you for the kind emails, phone messages and notes that keep us going. We love hearing from you and how our babies are doing. Wishing you and your families a safe and happy Holiday Season!

Cheers, Pat

PS: I became a "foster failure" in 2025. As many of you know, my dear Sorin passed earlier this year. Enter **Casper** who needed rescue because his person had to travel often. I fostered him and he brought so much joy back into my life that I knew he had to stay.

Another great outcome this year was **Lenie's**. She was left alone in an apartment for 7 months after her guardian moved(!) and only fed occasionally by a neighbor. After much vet care, she's now thriving in a safe, loving home!

PUBLIC SAFETY ANNOUNCEMENT:
Don't forget to keep tinsel away from cats!

More rescue success from 2025

Furby is a great example of how helpful advice from us during a stressful situation resulted in a cat keeping his beloved home. Furby stays put!

Elinor came from one of the breeders we mentioned on page 1. She's now named **Marshmallow** and just loving her new home!

Luka came to us with one working eye and problems with the other. His saintly adopter is addressing all his needs and loving and keeping him safe forever!

Notice something missing this year? We have decided NOT to include a donation envelope this time. While we can always use funds, we realize times are hard right now. If you can afford to donate, wonderful, but your good thoughts are enough.

You can mail a check to PO Box 475482, San Francisco, CA 94147 or use the PayPal donate button on www.persiancats.org. Whatever you decide, we appreciate you!

Thank you all for your support and friendship and helping to make 2025 a happy, healthy year for the cats. *Best Wishes from Pat and the Board and Volunteers.*

Marcel wishes you the best!

We at PHCR wish you all Happy Holidays and an Extraordinary 2026!
